

\*\*ALICANTE (SPAIN): JUNE 13-15, 2012\*\*

# Presentation

The 9th edition of SPDECE aims at providing an open forum for educators and computer specialists to present and discuss research on the different aspects of Technology-enhanced learning and e-learning. SPDECE topics include, but are not limited to: new teaching and learning environments, content standards and metadata, learning objects and learning designs and repositories of learning resources.

SPDECE emphasizes **inter-disciplinarity** and **multi-disciplinarity**, fostering interchange between educational and learning sciences, computing and other disciplines. The event thus welcomes papers using a diversity of kinds of research methods, including but not limited to empirical studies, ICT developments, action research and experimental studies.

## Advanced Program

Now available: [Advanced Program](#)

## Conference venue

SPDECE2012 will take place at Sede Ciudad de Alicante (University Venue in Alicante). This building is a neoclassical palace of the late nineteenth century, and since its origin is linked to the educational and economic activity of Alicante. It has evolved to adapt to new requirements, while retaining its basic structural elements, so it can be considered today a landmark because of its age, location and overlapping with urban history of the evolution of Alicante.

Sede Ciudad de Alicante

Universidad de Alicante

Av. Ramón y Cajal 4, 03001 Alicante, Spain

## Call for papers

SPDECE is accepting papers in two main tracks:

- International track (submissions in English).
- Iberoamerican track (submissions in Spanish or Portuguese).

Papers in both tracks will undergo rigorous peer review. Best papers submitted to the International track will be published in [Elsevier's Procedia](#) proceedings series, as post-proceedings after the conference. All the rest of the papers will be published in local proceedings in CDROM with ISBN.

Papers can be submitted in one of the following categories (for both tracks):

- Full research papers (up to 12 pages)
- Short research-in-progress papers (up to 8 pages)
- Project presentations (up to 8 pages)

See the Submissions section for more information on formatting.

## Important dates

### NEW DEADLINE DATES

- ~~April 03~~, April 23, 2012. Paper submission.
- April 30, 2012: Notification of acceptance/rejection.
- May 14, 2012: Final version submission.
- June 13, 2012: SPDECE-2012 starts in Alicante.

**For any questions or suggestions, please contact directly the chair of SPDECE-2012 at: [marco.such@ua.es](mailto:marco.such@ua.es)**
